

Attend a *Learning for Sustainable Development Workshop* in Greece this November!

What?

Register your project in the Learning for Sustainable Development (L4SD) Project Database and have the chance to **be invited to the 3-LENSUS Workshop in Thessaloniki** in the first week of November this year free of charge!

Meet face-to-face with other members of the European L4SD community to share ideas and knowledge, and participate in workshops focusing on current L4SD issues in projects similar to your own.

The Workshop agenda will be posted on the [3-LENSUS website](#) and [Facebook page](#) once it has been confirmed.

Time plan:

July 31, 2010: Submission deadline for projects in the [3-LENSUS Database](#)
 August 5, 2010: Selection & notification of winning projects
 November 3-5, 2010: 3-LENSUS Workshop in Thessaloniki

Make sure you register your project before it's too late!

Contact: Environment Center, Charles University in Prague
 José Martího 2/407, 162 00 Praha 6
 Phone +420 220 199 460, E-Mail : andrew.barton@czp.cuni.cz

How?

All you have to do is go to the [3-LENSUS project database](#) and register your project.

All the projects entered into the 3-LENSUS database and accepted by the editing team will be evaluated by the end of July using a set of L4SD indicators that were developed specifically for the 3-LENSUS project.

Representatives of those projects that are selected will be contacted by the beginning of August. In addition, they'll be asked to contribute to case study papers that will form the basis of discussion forums at the Workshop and which will be later published in a 3-LENSUS **Best Practice Handbook**. The papers will be also eventually be used for future publication in **international journals**.
